

## 10 April 2007: AusSMC Briefing on IPCC AR4- Working Group 2 Report:

### “Climate Change 2007: Impacts, Adaptation and Vulnerability”

**Dr Donna Green**, Climate Change Research Centre, Faculty of Science, University of New South Wales. She is a Contributing Author to Chapter 11, on Australia and New Zealand.

#### Bio Note

---

Donna is an expert in climate change impacts in remote indigenous communities in Australia as part of research that focuses on human-environment interactions, specifically on social and economic vulnerability, adaptation and climate risk.

She has over eight years experience consulting, researching and lecturing in the areas of climate change, interdisciplinary environmental science and energy and sustainable development policy in the Asia-Pacific region.

The Australian Science Media Centre (AusSMC) is an independent national venture working to promote the voices, stories and views of the Australian scientific community to the news media when science is in the headlines. The centre is advised by a Science Advisory Panel and governed by a Board of Management. A wide variety of sectors support the not-for-profit centre with each contribution capped at 10% of total running costs. Foundation sponsors are Fairfax Holdings, the ABC, News Ltd, Macquarie Bank, PBL, the CSIRO, APN News & Media, RACI, ResMed Inc, Ernst & Young, Shell, Prime TV, Media Monitors, Innovative Research Universities Australia and the Government of SA. Gold Sponsors are John Winter & Slattery, BHP Billiton and the University of Adelaide.
