

10 April 2007: AusSMC Briefing on IPCC AR4- Working Group 2 Report:

“Climate Change 2007: Impacts, Adaptation and Vulnerability”

Professor Lesley Hughes is Professor in the Department of Biological Sciences at Macquarie University and Co-director of the Centre for Research Excellence on Climate Risk. She is a Lead Author of Chapter 11, on Australia and New Zealand.

Bio Note

Lesley’s research focuses on impacts of current and future climate change on species and communities, the implications of climate change for conservation policy, and the evolutionary ecology of plant-insect interactions.

Lesley has authored and reviewed a series of conservation and climate change papers of national and international significance. She is currently Chair of the NSW Scientific Committee, and a member of the World Conservation Union’s World Commission on Protected Areas and the Australian Greenhouse Office Expert Advisory panel on climate change impacts on biodiversity.

The Australian Science Media Centre (AusSMC) is an independent national venture working to promote the voices, stories and views of the Australian scientific community to the news media when science is in the headlines. The centre is advised by a Science Advisory Panel and governed by a Board of Management. A wide variety of sectors support the not-for-profit centre with each contribution capped at 10% of total running costs. Foundation sponsors are Fairfax Holdings, the ABC, News Ltd, Macquarie Bank, PBL, the CSIRO, APN News & Media, RACI, ResMed Inc, Ernst & Young, Shell, Prime TV, Media Monitors, Innovative Research Universities Australia and the Government of SA. Gold Sponsors are John Winter & Slattery, BHP Billiton and the University of Adelaide.
