

10 April 2007: AusSMC Briefing on IPCC AR4- Working Group 2 Report:

“Climate Change 2007: Impacts, Adaptation and Vulnerability”

Professor Nick Harvey, is Associate in the Department of Geography and Environmental Studies at the University of Adelaide and a lead Author on Chapter 11, that deals with Australia and New Zealand.

Bio Note

Nick has had a long involvement with scientific global change research. He was Vice-Chair of the international scientific steering committee for Land-Ocean Interactions in the Coastal Zone (LOICZ), the peak body examining the effect of global change on the world's coastlines. He was one of the authors on the LOICZ book Coastal Fluxes in the Anthropocene, as well as Global Change and Integrated Coastal Management in the Asia-Pacific Region, and Coastal Management in Australia.

He is currently on the Australian Greenhouse Office Advisory Committee on Coastal Vulnerability and is Chair of the START-Oceania committee (based in Fiji) dealing with global change research and training.

The Australian Science Media Centre (AusSMC) is an independent national venture working to promote the voices, stories and views of the Australian scientific community to the news media when science is in the headlines. The centre is advised by a Science Advisory Panel and governed by a Board of Management. A wide variety of sectors support the not-for-profit centre with each contribution capped at 10% of total running costs. Foundation sponsors are Fairfax Holdings, the ABC, News Ltd, Macquarie Bank, PBL, the CSIRO, APN News & Media, RACI, ResMed Inc, Ernst & Young, Shell, Prime TV, Media Monitors, Innovative Research Universities Australia and the Government of SA. Gold Sponsors are John Winter & Slattery, BHP Billiton and the University of Adelaide.
