

# Science for Marine Park Management

Australian Government

Great Barrier Reef  
Marine Park Authority

Dr Russell Reichelt  
Chairman

Great Barrier Reef Marine Park Authority

our great barrier reef  
let's keep it great

# Future of Reef Management

Australian Government

Great Barrier Reef  
Marine Park Authority

## Increasing population and uses of the Marine Park

- High volume information
  - Synthesis & integration skills in greater demand
  - Risk, Resilience and Response Atlas
- More contested landscape and seascape
  - Combining planning skills with conflict resolution, co-management, regionalisation, facilitation and education
